Environment

Our organization champions sustainability and eco-consciousness among underprivileged communities. Through recycling and upcycling programs, children learn to transform waste into hand-crafted treasures, promoting creativity and financial independence. Additionally, in collaboration with Federal Bank, we conducted a large-scale cleanliness drive at Kolkata's Princep Ghat, inspiring locals and tourists to protect our environment. Health

Our Heritage Foundation organizes free medical camps for marginalized communities. These camps offer essential healthcare services, including diagnosis and treatment, bridging gaps in access to regular medical care. Alongside medical assistance, the foundation promotes hygiene practices and educates the community on healthy living, contributing to improved well-being.

Food Distribution

Our Heritage Foundation organizes the Hunger Free World Project, A MISSION BY MALABAR GOLD, Our Heritage Foundation organizes the Hunger Free World project, which distributes 3,000 food packets to the community, focusing on the children attending our learning centers. This initiative ensures that these children receive nutritious meals, supporting their overall well-being. Additionally, the project provides essential medical services, addressing the healthcare needs of the community.

“when hearts connect,
charity becomes
more than food”

Our Heritage Foundation has distributed dresses to communities in need during special occasions, bringing joy and comfort to those who often go without. These distributions are timed to coincide with festivals and celebrations, ensuring that everyone can partake in the festivities with dignity. Through this initiative, the foundation fosters a sense of belonging and happiness within the community.

Jolshree Prakalpa

"JOLSHREE PRAKALPA" (JSP2021002) by Our Heritage Foundation, in memory of Kambath Mocheri Manhu, installs handpump water taps in Chakla village, North 24 Parganas. This project addresses the critical need for clean drinking water, improving health and well-being by providing a reliable source, reducing long journeys for water, and lowering the risk of water-borne illnesses.

Sports

Our organization has launched sports programs for underprivileged children, promoting physical health, teamwork, and vital life skills. Through football, kids learn the game's fundamentals—dribbling, passing, and teamwork—while building fitness and self-esteem. Volleyball enhances hand-eye coordination and strategic thinking. Beyond physical well-being, these sports foster discipline, leadership, and a sense of community, equipping these young hearts for brighter futures
